At A Glance (Facts&Figures)

University ranking: top **30** in Mainland China

4 campuses (with a construction area of **1.89** million square meters)

18 colleges and **218** research institutions

7 national key laboratories

36,000+ students (**19,701** undergraduates, **16,138** postgraduates, **821** international students)

3,700+ faculty and staff (**1,613** with senior titles, **675** PhD supervisors, **35** academicians)

800+ international students from over **100** countries

WORLD RANKING

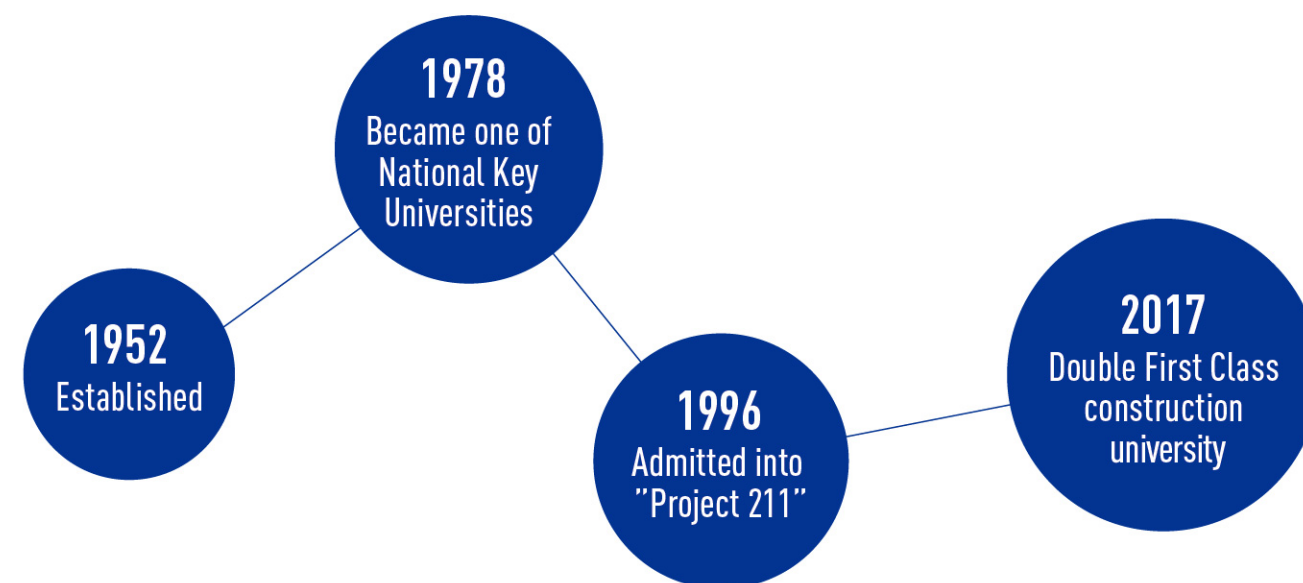

01. Welcome to NUAA

I
LOVE
NUAA

Nanjing University of Aeronautics and Astronautics (NUAA) is a leading Chinese higher education institution known for its excellence in engineering sciences, including Aeronautics, Astronautics, and Mechanical Engineering, as well as Economics and Management. NUAA is among the first national universities authorized to confer doctoral, master, and undergraduate degrees, with graduate schools and recognition under "National Project 211" and "Double First-Class" universities.

Milestones

Our campus

The campus is an allure of green spaces, lakes, libraries, laboratories, well-equipped sports center, cutting-edge teaching facilities (including full-motion flight simulator used for aeronautical students, and real aircraft on-site that sets the stage for immersive learning). They are all within walking distance of each other.

Accommodation

Beyond your books and classes, where you choose to live is also a part of the learning journey. NUAA provides international students with two dorm buildings. The residence consists of 600 furnished rooms, each with private bathroom. The facilities in each bedroom include air-conditioner, internet access, and wardrobe. In the public area, the amenities are washing machine, tumble dryers, kitchens, group study rooms, multifunctional rooms, warm water, etc. A support team is also on hand to provide round-the-clock help.

Dining

There are more than 10 dining halls on campus, providing a variety of dishes including local cuisines, Muslim, and western food. In addition, there are several fast food restaurants like MacDonald, KFC, Pizza Hut, Subway as well as a variety of Chinese restaurants.

Beyond classroom

We offer world-class facilities and a diverse international community. Beyond the classroom, our students experience a dynamic and fulfilling student life, participating in enriching events, including football tournament, badminton tournament, culture exhibition, donation campaign, city walk, and cultural festival.

02. Undergraduate Programs

NUAA is one of the earliest universities in China offering English taught undergraduate programs in Engineering and Business majors since 2005. NUAA currently offers 6 international undergraduate programs instructed in both English and Chinese with duration of 4 years. Qualified graduates are awarded graduation diploma and bachelor degree.

03. Application Eligibility

① Non-Chinese citizens

② 18-25 years old

③ High school diploma

④ Attain the required level of language proficiency
 * Chinese-taught programs: HSK4 or above;
 * English-taught programs: IELTS (6.0 or above), TOEFL (70 or above) or equivalent English proficiency letter.

04. How to apply

- (1) Complete application online
Go to NUAA application portal and create an account at <https://nj.at0086.cn/StuApplication/Login.aspx>, following the step-by-step instructions to complete online application.
Tips: Make sure all of the information including name spelling, DOB, passport number, and email address that you put on the application is correct.
- (2) Pay an application fee of 400 RMB and submit application
This application fee is non-refundable.
- (3) Check your application status regularly
Application review takes 1-2 weeks. If there is any update to your admission status, you will receive an email notification directing you to the application portal.
- (4) Take examination/interview
An examination/interview is a required part of the application process. Emails regarding the examination/interview details and guidelines will be sent after preliminary review.
- (5) Receive the admission letter and JW202/202 via email
- (6) Apply for X visa at the Chinese Embassy or Consulate General

05. Application Documents

- 1

Scanned copy of passport front page
- 2

Original or notarized copy of senior high school diploma
Applicants who will graduate in 2024 can provide pre-graduation certificate instead.
- 3

Original or notarized copy of transcripts for all the courses in senior high school
- 4

Two letters of recommendation from high school teachers, with signature and contact
- 5

Personal statement (no more than 800 words), including personal introduction, reasons for application and individual advantages
- 6

Non-Criminal letter
- 7

Photocopy of Foreigner Physical Examination Form
- 8

Language proficiency certificate
- 9

Financial Guarantee Letter or bank statement

Note: Documents should be in English or supplemented by notarized English/Chinese translations. We will use these electronic documents to evaluate your application. If admitted, you will be required to submit final documents for registration on campus.

06. Programs List and Key Courses

Programs	Areas of Study	Key Courses
Aeronautical Engineering	Aerospace science and technology Mechanics Instrument science and technology Power Engineering	Engineering Mechanics Aircraft Structural Design Flight Dynamics Aircraft Preliminary Design
Aircraft Maintenance Engineering	Electronic and electrical engineering for civil aviation Civil Aviation Maintenance Engineering	Modern Engineering Graphics Mechanical Principles & Design Fault Diagnosis Technology Aeronautical Automatic Control Aero-Engine Principles & Construction Aerodynamics and Flight Mechanics Aircraft Electrical Systems Aircraft Structures
Artificial Intelligence	Computer science and technology Software engineering and management	Algorithm Design and Analysis Data Structure Machine Learning Object-Oriented Programming Information Retrieval and Data Mining Operating Systems
Mechanical Engineering	Mechanical engineering and automation Bio-inspired science and technology for aerospace engineering	Mechanical Principles Machine Design Measurement Techniques Mechanical Manufacturing Technology Mechanical Manufacturing Technology and Equipment An Introduction to CAD/CAM Principles of Microcomputer
Electrical &Electronic Engineering	Electrical engineering Control science and engineering Electronics science and technology Information and Communication Engineering	Electronic Circuit Digital Circuit Control System Engineering Signals and Systems Analogue Electronics Electric Machinery Power Electronics Technology
International Business	Applied Economics Technical Economics &Management Corporate Management Management science and engineering	Principles of Management Micro-Economics Macro-Economics Principles of International Trade International Finance Econometrics

07. Scholarships

Outstanding students will be awarded scholarships, such as Chinese Government Scholarship, Nanjing Government Scholarship, or NUAA Fly-high Scholarship.

Application Methods

Applicants for a Chinese Government Scholarship should directly contact the local Chinese embassy or consulate. When completing the scholarship application form, the applicant should select NUAA as their first choice.	Applicants for Nanjing Government Scholarship or NUAA Fly-high Scholarship should choose the right Scholarship Type while applying online.	The scholarship will be based on the applicants' background, experiences, academic performance, and examination/interview results at the time of their admission offers. NUAA Fly-high Scholarship is only for academic year 2024. From the second year, students are encouraged to apply for NUAA academic scholarship.
---	--	--

Scholarship Category	Details
Chinese Government Scholarship (CSC) NUAA Agency No.10287	Tuition fee waiver; Free insurance Free accommodation; Stipend: CNY 2500/Month
Nanjing Government Scholarship	10,000 one-time payment
NUAA Fly-high Scholarship First Prize	100% tuition fee; Insurance; Living allowance 1500 CNY/month
NUAA Fly-high Scholarship Second Prize	100% tuition fee; Insurance Living allowance 1000 CNY/month
NUAA Fly-high Scholarship Third Prize	100% tuition fee; Insurance Living allowance 800 CNY/month

Tuition & Fees

Fee Type	CNY	USD Approx.
Tuition	CNY 23,900 for engineering programs CNY22,900 for business program	\$3,400 for engineering program \$3,200 for engineering program
Dormitory	Single room: 8,000 per year Double room: 4,000 per year	\$1,100 per year \$600 per year
Residence permit	CNY 400 per year	\$65 per year
Application fee	CNY 400	\$65

Application Time

You are encouraged to apply as early as possible to give yourself the best chance of receiving an admission offer and scholarship opportunity. If you are in high school, you can apply as early as November 15 of your Grade 12 year, using your final Grade 11 marks, as well as any available Grade 12 marks.

08. Spotlights On International Students

Md Asif Rezwan Shishir
(Bangladesh, Aeronautical Engineering, Class of 2017)

My 4 years at NUAA were transformative, pushing me beyond my comfort zone. Within its beautiful campus, I connected with highly experienced professors and students from over 70 nations. Leading the international student union broadened my horizons as well. I will always cherish the times I had at NUAA, and I am a proud NUAAer.

Chai Shao Fei
(Malaysia, Aeronautical Engineering, Class of 2019)

My time there was a transformative journey filled with valuable lessons, lifelong friendships, and personal growth. The exceptional education, including the wide range of courses and academic resources, provided me with a solid foundation for my future career. The vibrant campus life, and unwavering support from teachers have also left an indelible mark on me.

Ismail Nassrallah
(Morocco, Civil Aviation, Class of 2017)

He who climbs the ladder must start at the bottom. Travelling 10000km away from home to study and start from the bottom can be a scary experience for anyone but the aim of studying abroad is about experiencing a foreign country, and the most beautiful, important part of a country's culture is its people that's what, discovered at NUAA beautiful souls and people that helped me all the way during my studies. I can say that I'm not the same having seen the moon shine on the other side of the world.

09. Nanjing City

Nanjing, an ancient capital of China, enjoys a worldwide reputation for its history and culture. Around 1,000,000 students called Nanjing home, giving the city a unique buzz and ensuring you'll be in good company. Nanjing is one of the most attractive cities for international students and foreign visitors in eastern China. Many foreign multi-national corporations have regarded Nanjing as a good place to establish their foreign branches. Amazing international opportunities await you here in Nanjing!
