WELCOME TO NUAA

Nanjing University of Aeronautics and Astronautics (NUAA) is one of China's premier learning and research institutions. NUAA has developed into a comprehensive, research-based university that excels in many aspects of engineering sciences (particularly in Aeronautics, Astronautics and Mechanical Engineering), Economics and Management, and many others.

NUAA is among the first batch of national key universities entitled to award doctoral, postgraduate and undergraduate degrees. We are one of the 55 universities with graduate schools in China. NUAA has also been listed under the "National Project 211" and "Double First-Class" universities.

At NUAA you will find an international community of learners and researchers in the city of Nanjing on China's east coast. We are one of the first universities in China to offer Engineering and Business programs taught in English. Our graduates use their NUAA education all over the world: in the air, in space, and also under the ocean.

Around 50 Postgraduate programs
(30 Masters & 20 PhD), 6
Undergraduate programs and
pre-university Foundation program
delivered 100% in English.

A photograph of two men in a laboratory setting, focused on their work. The man on the left is wearing glasses and a dark jacket, while the man on the right is wearing a dark and light blue varsity jacket. They are surrounded by various electronic components, including circuit boards, wires, and small devices. In the background, a large framed poster is visible on the wall, featuring a group of people and Chinese text. The entire image has a blue tint.

LEADING RESEARCHES

AIRCRAFT DESIGN

NUAA has strong research initiative focused on Aircraft design. Forming a comprehensive system in research and exploring advanced design technology of flight vehicle, new concept research and engineering model development. NUAA has been leading the domestic level in the fields of Helicopter and Unmanned Aerial Vehicle.

STRUCTURAL MECHANICS AND CONTROL

The Structural Mechanics and Control Research Center represents the highest level of aviation technology research in China. It is primarily focused on Nonlinear Dynamics and Control, Analysis of Aircraft Structure Dynamics and Control, Ultrasonic Motor Technology, Intelligent Structures Applied in Aircraft, Unsteady Aerodynamics etc.

ADVANCED MANUFACTURING

Research on advanced manufacturing at NUAA takes the leading domestic position in Premise Microfabrication, Curved Surface Modeling, Modeling and Fabrication of Titanium Structure, Machining of Difficult-to-cut Metals and Special Working Technology, Technology of Digital Assembly and Automated Placement Technology of Composite, etc.

NAVIGATION, GUIDANCE AND CONTROL

NUAA's research work on navigation, guidance and control has progressed a lot in recent years, with the main research focused on fields such as Airborne Precise Autonomous Navigation, Advanced Flight Control & Simulation, Smart Self-repairing and Control.

POWER ELECTRONICS AND POWER DRIVES

Research areas involving Air Power, Power Conversion and Special Motor Technologies have exerted great domestic influence; some of the prototype performances have even reached the advanced international level.

NATIONAL KEY LAB

"NUAA is the pioneer for helicopter technology in China"

4

National Key
Laboratories

With an annual research budget of USD\$ 150 million our size and history allows a breadth of research activity that can be matched by only a few universities in China. We take a coordinated approach through our research institute to enable the best minds to work together on exciting new areas of study and discovery.

35

National Key
Laboratories

Our faculty is comprised of teachers, researchers and scientists who are paving the way for solutions to complex, global issues impacting our environment, technology and future. NUAA is the pioneer for helicopter technology and is comprised of several national key laboratories in different streams for research and national defense.

FOSTERING UNIVERSITY-ENTERPRISE COOPERATION

NUAA has developed strong cooperation with a lot of domestic and international enterprises. Collaboration between academia and industry is an increasing critical component of efficient national and even global innovation systems.

More than **3000+** enterprises visit NUAA each year for recruitment activities.

GLOBAL PR

Students at NUAA have the opportunity to go further. We offer different global programs with our partner programs will no doubt be the stepping stone towards global awareness. Students can not only gain vital time by making friends with locals. We also give students abundant opportunities for experiencing Summer

PROGRAMS

other universities. Dual Degree program, Semester Study Abroad Program or Summer program. These programs provide students with valuable international experience on new cultures, new challenges, different academic approach but also spend a memorable summer program and Semester study abroad program.

* NUAA's Global Strategic Partner (GSP) Universities

OUR STUDENTS

SAMANTHA MUNOZ

My experience in NUAA has been unique, being able to study with classmates from around the world and to know how they contribute to the world's development is incredible. NUAA has given me that opportunity.

ALI QADIR

Getting admission in NUAA is an honor for me. I was offered Chinese Government Scholarship by NUAA. Studying in NUAA is the beginning of my career. NUAA is full of opportunities for International Students. Besides study, there is abundant option for sports, entertainment and other activities.

BUSRA

Going on study in China is an experience of a lifetime! It has broadened my global perspective to live in another country, understand another culture, and meet a diverse range of people. China is an amazing country and NUAA is a perfect environment to gain skills and tools, that will help me to achieve significant life goals!

OUR ALUMNI

MANOJ PANDEY

NUAA 2009 Batch

Stress Engineer | Airbus, Beijing

Looking back to those days when I used to stare at the sky and wonder if I could work on designing of aeroplanes and now, while working for Airbus, I feel like that is exactly what I wanted. Skills, opportunities and care that I gained from NUAA were definitely essential in the initial stage of my professional career as an engineer. I will always remember those colorful days at NUAA

UJJWAL TIWARI

NUAA 2012 Batch

Project Engineer | Trislot, Shanghai

I am Ujjwal Tiwari from Nepal. I studied at NUAA from 2012-2019. Right now I am working as a Project Engineer in Trislot, Shanghai. NUAA has transformed an 18 year old kid into a grown-up man who fulfilled his dream of becoming an engineer from the reputed university.

FAHAD NAIM BUTT

NUAA 2010 Batch

EASA B1.1 Aircraft Engineer

NUAA gave me the skills, proficiency level and career guidance required to succeed as a professional Aircraft Maintenance Engineer. NUAA has an outstanding staff and curriculum that will prepare you for the demands of aviation career required to be successful in the aviation industry. The proof is in the picture. Check out my smile and my stripes!

UNDERGRADUATE PROGRAMS

LANGUAGE OF INSTRUCTION: ENGLISH

NUAA is the first few universities in China offering English taught undergraduate programs in Engineering and Business related majors since 2005. Over the years, our international graduates have gone on to work for different "Fortune 500" companies in China and overseas together with establishing successful enterprises.

ADMISSION OFFICER

Ms. Zha Hong
Undergraduate Program
Zhahong@nuaa.edu.cn

PROGRAM OVERVIEW

Major: Aeronautical Engineering B.Eng. Aircraft Design and Engineering

NUAA's B.Eng. Aircraft Design and Engineering Degree provides future graduates with fundamental principles and techniques in the conception, design, implementation, and operation of aerospace and related engineering systems. Students learn to apply this fundamental knowledge to conduct laboratory experiments, and aerospace system design problems.

Apply online: nj.at0086.cn/student

Why NUAA's B.Eng. Aircraft Design and Engineering?

World's Top 3rd University
for Aerospace Engineering

1st University in China to
recruit International students
for Aeronautical Engineering

100+ Countries Represented
by International students

Automation

Aircraft Assembly

Coding and Data Analysis

Project Management

CORE COURSES

- Aircraft Design
- Aircraft Structure Design
- Aerodynamics
- Mechanics of Materials
- Autonomous Systems
- Computational Engineering
- Control System Engineering
- Fluids Engineering
- Heat Transfer
- Flight Control System
- Positioning and Navigation System
- Graduation Project

IMPORTANT DATES

Fall Intake:

Application Period:

15th November 2021 - 30th June 2022

Class Start:

12th September 2022

Major: Aircraft Maintenance Engineering

B.Eng. Air Transportation

As a B.Eng. Air Transportation, you will work with high precision systems and use your technical expertise to inspect, troubleshoot and repair aircraft components of large and small airplanes and helicopters. The B.Eng. Air Transportation program at NUAA is the first of its kind in all China and prepares you for EASA Part 66 licensing.

Apply online: nj.at0086.cn/student

- Positioning and Navigation System

IMPORTANT DATES

Fall Intake:

Application Period:

15th November 2021 - 30th June 2022

Class Start:

12th September 2022

Major: Artificial Intelligence B.Eng. Computer Science & Technology

The B.Eng. Computer Science & Technology at NUAA provides you with the knowledge and skills necessary to design, build, and evolve software systems that take advantage of the most recent breakthroughs in artificial intelligence (AI). The focus of the program is on how complex inputs such as vision, language, and massive datasets may be used to make decisions and build the intelligent systems of the future.

Gain practical experience designing AI-driven software solutions with the help of researchers who are thought leaders in this field.

TUITION FEES & EXPENSES

UNDERGRADUATE PROGRAM

TUITION FEES

Taught In English

- Engineering: CNY 23,900 (\$ 3,750 USD Approx.)
- Business CNY 22,900 (\$ 3,580 USD Approx.)

Taught In Chinese

CNY 21,800 (\$ 3,400 USD Approx. for Engineering/Business Degree)

Application Fee

CNY 400 (\$ 65 USD Approx.)

*Tuition fee for 2022 Spring intake Pre-Engineering/Business program (6 months) is CNY 4900.

OTHER EXPENSES

Accommodation Fee: CNY 4,000 per year (\$ 650 USD Approx.) double room

Teaching Materials: Approx. CNY 400 per year (\$ 65 USD Approx.)

Living Cost (Monthly): CNY 1,000 – 1,500 monthly
(\$ 150 – 250 USD Approx.)

NUAA adopts the fixed fee model which guarantees that tuition fees remain unchanged throughout the normal duration of study at NUAA (4 years). However, tuition fees for every incoming freshman cohort are subject to change from year to year.

SCHOLARSHIPS

UNDERGRADUATE PROGRAM

1. CHINESE GOVERNMENT SCHOLARSHIP

FUNDING

- a. Tuition Fee Waiver
- b. Monthly Stipend CNY 2,500

HOW TO APPLY?

- a. Apply at the P.R China Embassy/Consulate
- b. If you are selected for the scholarship, then you can choose your preferred university NUA.

Application Deadline: April 30th each year
Do not apply for this scholarship at our website.

AVAILABILITY

3-4 seats

2. JIANGSU PROVINCIAL SCHOLARSHIP

FUNDING

Tuition Fee Waiver

HOW TO APPLY?

- a. Apply at www.studyinjiangsu.org
- b. While using NUA's Online Application portal, select "Jiangsu Provincial Scholarship" as your funding source.

AVAILABILITY

1-2 seats

3. NANJING MUNICIPAL GOVERNMENT SCHOLARSHIP

FUNDING

Total CNY 10,000 One-time payment.

HOW TO APPLY?

While using NUA's Online Application portal, select "Nanjing Municipal Govt. Scholarship" as your funding source.

AVAILABILITY

20-30 seats

4. NUA FRESHMAN SCHOLARSHIP

FUNDING

Total CNY 10,000 One-time payment.

HOW TO APPLY?

While using NUA's Online Application portal, select "NUA Freshman Scholarship" as your funding source

AVAILABILITY

International students apply for Spring/Fall 22 Intake are automatically selected for this scholarship.

5. NUA ACADEMIC SCHOLARSHIP

FUNDING

Total CNY 5,000-10,000 One-time payment.

HOW TO APPLY?

This scholarship is provided to registered students after assessment of yearly academic performance. Contact your coordinator on how to apply.

AVAILABILITY

After 1st year of academic studies.

POSTGRADUATE PROGRAMS

Study Duration: 2.5 Years - Masters' Degree | 4 Years - PhD Degree

Language of Instruction: English

"NUAA's postgraduate programs are research oriented and normally includes coursework, research and final dissertation. Students generally devote their first year to the coursework, building on the academic theories for their proposed research. The remaining semesters are dedicated to core research and final dissertation."

Application Period:
15th November 2021 - 30th June 2022

Registration Time:
1st September 2022

FOUNDATION PROGRAM

Pre-Engineering and Pre-Business course

Spring Intake:

Application Period: 15th October 21 - 15th January 2022

Class Start: 7th March 2022

Duration: 1 Semester (6 months)

The foundation program of NUAA offers opportunities for students who want to visit China and Nanjing for a semester prior to beginning their undergraduate degree program. It is an alternative way for students who are disadvantaged by their geographic position, family situation, educational profile or other situations to obtain undergraduate degrees.

PROGRAM COORDINATOR

Ms. Xu Qian

Non-Degree Program

xuqian@nuaa.edu.cn

FOUNDATION PROGRAM

Pre-Engineering/Pre-Business Foundation Program A Pathway to NUAA's Bachelor's Degree Program

International students interested in beginning their degree program in March 2022 may apply to NUAA's Pre-Engineering/Pre-Business foundation program.

Aspiring candidates who are disadvantaged owing to the COVID-19 epidemic, their family status, their educational profile, or other circumstances are invited to apply to this program.

Did you lose your chance to study abroad due to the COVID-19 pandemic?

Enroll on our Pre-Engineering / Pre-Business program in March 2022 and continue in September 2022 with your undergraduate degree program.

SESSION

- 2022 March (Foundation)
- 2022 September (Undergraduate Program)

CORE SUBJECTS

- English Fundamentals
- Chinese Culture and Introduction to China
- Mathematics
- IT Essentials (Lab and course work)
- Physics/ Economics

WHY NUAA'S FOUNDATION PROGRAM:

Priority for partial scholarships during undergraduate degree.

Direct admission to NUAA's Undergraduate Degree Program.

Learn Chinese Culture (Trips to different scenic spots and other activities)

Guaranteed on-campus accommodation

Transfer up to 6 credits towards your Undergraduate Degree Program

WHO ARE ENCOURAGED TO JOIN THE "NUAA FOUNDATION PROGRAM"?

- ✓ Students who are waiting for their high school degree.
- ✓ Students with more than 2 years gap after high school graduation.
- ✓ Students aged 16-23 who wish to pursue undergraduate degree

Application Period: 15th October 2021 - 15th January 2022

Class Start: 7th March 2022

TUITION FEES & EXPENSES

Foundation Programs:	CNY 4,900 (\$ 767 USD Approx.)
Application Fee:	CNY 0
Accommodation:	CNY 2,000 per semester (\$ 250 USD Approx.)
Living cost:	CYN 1,000-1,500 (Per months)

CHINESE LANGUAGE PROGRAM

Upon completion of the program students will receive a certificate and an official transcript. The program is normally one year long, but students could apply for extension of their study period to at most four semesters in accumulation.

CHINESE LANGUAGE PROGRAM

1-Year Program

NUAA offers Chinese Language Program for students and also business people seeking to improve and prosper on all the skills of Chinese language. We have carefully constructed our course with years of experience on training foreign students. Students will get first hand experience in different aspect of language learning.

CORE COURSES

- Comprehensive Chinese
- Basic Chinese Speaking
- Basic Chinese Reading
- Listening

TUITION FEES

Chinese Language Program (1 Year)	CNY 16,800 (\$ 2,650 USD Approx.)
Application Fee	CNY 400 (\$ 65 USD Approx.)

OTHER EXPENSES

Accommodation Fee:	CNY 4,000 per year (\$ 650 USD Approx.)
Teaching Materials:	Approx. CNY 400 per year (\$ 65 USD Approx.)
Living Cost (Monthly):	CNY 1,000 – 1,500 monthly (\$ 150 – 250 USD Approx.)

NUAA adopts the fixed fee model which guarantees that tuition fees remain unchanged throughout the normal duration of study at NUAA (4 years). However, tuition fees for every incoming freshman cohort are subject to change from year to year.

A photograph of three students walking in a modern hallway. On the left, a young woman with long dark hair, wearing a light pink sweater and dark pants, holds a green folder. In the center, another young woman with long dark hair, wearing a black jacket over a red and white patterned shirt and blue jeans, holds a book. On the right, a young man with short dark hair, wearing a blue and white striped sweater and dark pants, holds a black folder. The background is a bright, modern interior with large windows and a clean, minimalist design. The image is overlaid with a semi-transparent blue filter and decorative circular shapes in the corners.

FACILITIES & STUDENT LIFE

INTERNATIONAL STUDENT SUPPORT

Coming to study in China is an exciting experience, with opportunities to broaden your academic, social and cultural horizons. The International Student Support office aims to offer you a high level of support to ensure that your time with us is as rewarding and problem-free as possible. We will help you prepare to come to Nanjing, welcome you when you arrive and support you throughout your time at NUAA.

We can offer advice and guidance on a range of issues including:

Immigration and visa advice

General support & advice related to living in China

Specific events for international students as part of the university's induction program, as well as social events throughout the year.

Program of day trips to various places across the country to enable you to make the most of your time in China.

VIBRANT STUDENT LIFE

LEARN

Students at NUAA get the best infrastructure and resources for all the learning needs in order to succeed in their college life and future.

CONNECT

NUAA offers great resources to all the students in order to get the best during your time here. There are numerous events, clubs and communities, organizations to help you connect with other students.

LEAD

Developing and maintaining leadership skills is an essential step during your time in campus and beyond. We help and facilitate students with many opportunities to explore and sharpen leadership skills.

ACCOMMODATION

NUAA will not just be the next stage in your education; it will also be a home away from home. NUAA will guarantee a place in on-campus (International Students Dormitory) or off-campus housing to all the registered international students.

A typical student dormitory flat with 2 students sharing one bedroom with a bathroom. Students will have easy access to basic necessities like the internet, hot/cold shower, washing machine.

DINING

NUAA is renowned all over China for the delicious and hygienic food offered at its cafeterias. Try the several cafeterias on campus, and enjoy the authentic Chinese dishes. There is also a Halal cafeteria offering different food items, numerous cafe's with the option of western dining.

STUDENT ACTIVITIES

A night-time photograph of the Nanjing skyline, featuring the Zifeng Tower as the central focal point. The city lights are reflected in the water in the foreground. A horizontal line with dots at both ends is positioned behind the title text.

NANJING CITY

CAPITAL OF 6 DYNASTIES

In ancient China, Nanjing served as the capital of Wu, Eastern Jin and Southern Dynasties (Song, Qi, Liang, Chen) for a total of over 500 years.

THE CITY OF HUMANITY

No matter whether it is glorious or devastated, Nanjing has always been a cultural melting pot to fuse the East and the West.

NANJING CITY FACTS:

Population
8.5 Million

GDP (Nominal)
USD \$ 191.1 Billion

Metro Line
10

ONE OF THE FOUR ANCIENT CAPITALS OF CHINA

6000 years' history left Nanjing plenty of historical heritages and made it one of the Four Ancient Capitals of China together with Beijing, Luoyang and Xi'an.

A VITAL HUB IN EASTERN CHINA

Situated in the lower reaches of Yangtze River near Shanghai, Nanjing enjoys a golden waterway with China's longest river flowing through it.

THE CENTER OF BUDDHISM CULTURE IN EASTERN CHINA

Buddhism began to spread across Nanjing in China long ago and a number of Buddhist temples are well preserved in this historical city.

A GREEN CITY

Nanjing is endowed with rich natural resources and boasts a pleasant climate that enables an abundance of plants to thrive.
